

District-Conference Milan 13-15 October 2017

The District 28-Conference took place in the hotel „Palazzo Le Stelline“, a former cloister with a typical cloister garden in midtown Milan. This was an ideal place, because it allowed a breeze of fresh air during the breaks and lunchtime session and furthermore our official activities were all in close proximity.

The motto „Zonta Unlimited“ demands from all of us particular skills, renewed efforts and last but not least a creative Zonta community. This was the basis of our discussions at the Friday afternoon workshop and the world café.

Ricardo Maggi, the young man who is president of the Golden Z-Club Alessandria/D30 gave us an impressive account of their Zonta activities.

A short charter celebration of the newly founded „e-club Italy“ was one highlight of the business session along with the speeches of the 2017 YWPA Awardee Scintilla Benevolo/ZC Reggio Emilia and the 2016 AE- Fellow Marilena di Carlo, a current member of the „e-club Italy“.

Of course we felt very honored by the attendance of International Represent Judy Kautz. With her excellent Zonta knowledge and good humor she frequently enhanced our discussions.

There was also plenty of time for friendship, enjoyment and networking. The hosting ZCs of Milano S`Ambrogio and Reggio Emilia offered us a very varied social program and a lot of entertainment.

Intensive Zonta days – good to remember!

Thanks for your attendance!
